

bigEndianByteReader

```
classDiagram
    class bigEndianByteReader
    class dvifile
    class dviRenderer
    dvifile --|> bigEndianByteReader
    dviRenderer --|> bigEndianByteReader
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'bigEndianByteReader'. Below it, a horizontal line connects to two boxes: 'dvifile' on the left and 'dviRenderer' on the right. A vertical line with an upward-pointing arrow connects the 'dvifile' box to the 'bigEndianByteReader' box. Another vertical line with an upward-pointing arrow connects the 'dviRenderer' box to the 'bigEndianByteReader' box. A vertical ellipsis (three dots) is positioned to the right of the horizontal line, indicating that there may be other classes that inherit from 'bigEndianByteReader'.
