

QObject

Okular::DocumentObserver

MiniBarLogic

```
classDiagram
    MiniBarLogic --> QObject
    MiniBarLogic --> Okular::DocumentObserver
```

The diagram illustrates a class hierarchy where MiniBarLogic inherits from both QObject and Okular::DocumentObserver. A horizontal line connects the two parent classes, with a vertical line descending from its center to MiniBarLogic. Arrows point from MiniBarLogic up to each of the parent classes.
