

QWidget

Okular::DocumentObserver

Reviews

```
classDiagram
    Reviews --> QWidget
    Reviews --> Okular::DocumentObserver
```

The diagram illustrates a class hierarchy where the 'Reviews' class inherits from both 'QWidget' and 'Okular::DocumentObserver'. A horizontal line connects the two parent classes, and a vertical line descends from its center to the 'Reviews' class box. Two arrows point upwards from the 'Reviews' box to the 'QWidget' and 'Okular::DocumentObserver' boxes, indicating inheritance.
