

QWidget

Okular::DocumentObserver

MagnifierView

```
classDiagram
    class QWidget
    class Okular_DocumentObserver["Okular::DocumentObserver"]
    class MagnifierView
    QWidget <|-- MagnifierView
    Okular_DocumentObserver <|-- MagnifierView
```

The diagram illustrates a class hierarchy where MagnifierView inherits from both QWidget and Okular::DocumentObserver. A horizontal line connects the two parent classes, with a vertical line descending from its center to the MagnifierView class box. Arrows point from the bottom of the MagnifierView box to the bottom of each parent class box.
